## The Rosenön Award 30 000 SEK

# Award for the best doctoral thesis of the year

The Pharmacokinetics and Drug Metabolism Section of the Swedish Pharmaceutical Society, in collaboration with AstraZeneca, announces its award of 30 000 SEK for the best doctoral thesis of the year defended at a Swedish university in the areas of drug metabolism, pharmacokinetics and/or pharmacodynamics. Theses defended during the period June the 13<sup>th</sup>, 2016 – May the 31<sup>st</sup>, 2018 are qualified to compete for the award.

**Welcome to apply by the latest on June the 1<sup>st</sup>, 2018.**

The application including a motivation to why this thesis should be awarded (written by the applicant) and the complete thesis (summary and all separate papers, preferably in pdf format) should be sent at the latest on June the 1<sup>st</sup>, 2018 to Frida Wallentin, [frida.wallentin@apotekarsocieteten.se](mailto:frida.wallentin@apotekarsocieteten.se)

The motivation should pointwise address the contents of the doctoral thesis with respect to novelty, research independence, collaboration with other research groups, and the applicability and scientific importance of the results presented in the thesis. A template should be used for this purpose and can be found at
